Madhya Pradesh's jinx continues as this year too no higher education institution from the state could feature in the top-100 universities in Indian Rankings-2024 released by National Institutional Ranking Framework on Monday.

Adding salt to injury, most of the institutions in the state also fared poorly in NIRF Rankings-2024.

While IIT Indore slipped two positions down to 16th in the engineering category, IITM Gwalior and IITDM Jabalpur -- which got 88th and 97th position last year -- climbed down to find place in the band of 101-150 institutions.

IIM Indore managed to retain its 8th rank in management category, IITM Gwalior saw a dip from 68th rank last year to 85th rank this year. National Law Institute University, Bhopal also went three positions down to 21th rank.

the country, one of the state's leading universities i.e. Devi Ahilya Vishwavidyalaya (DAVV) failed to go up from the band of 101-150 varsities. The DAVV in fact retained its last year's position.

However, MANIT Bhopal and AIIMS Bhopal saved the grace to some extent with the former climb-

ing up eight positions to secure 72nd position and the latter going up from last year's 38th position to 31st rank this year.

Besides, DAVV found place in top-50 varsities in State Public University category thus becoming No 1 University in MP as per NIRF Rankings.
