A team of students from PM Shri Jawahar Navodaya Vidyalaya and Kendriya Vidyalaya visited IIT Indore under the Vigyan Jyoti Phase V programme.

The students toured various departments of the institution under the guidance of IIT Registrar Siba Prasad. Staff members explained scientific facts, machine operations, and underlying principles to the students.

The programme aims to spark interest and enthusiasm for science among students.

Students were also asked questions and rewarded for their participation.

Vigyan Jyoti programme has been conducted at Navodaya Vidyalaya for the past five years. Under the guidance of Ragini Bhatt, Chandrashekhar Sharma from Navodaya Vidyalaya, and Yogendra Sonone from Kendriya Vidyalaya, students from both schools gained in-depth understanding of scientific technology and machinery.

The visit encouraged students to explore science and technology, fostering curiosity and innovation among young minds.
