

# IIT-I placements: 85% BTech students get jobs

TIMES NEWS NETWORK

**Indore:** Nearly 85% of BTech students of IIT Indore were placed during the ongoing placement season, with the highest salary package surpassing the Rs 1 crore per annum mark.

"The highest salary package offered doubled compared to the previous year. The average salary also saw a healthy increase of 13%, reaching Rs 27 lakh per annum," an official release from IIT Indore said.

Over 130 companies participated in the placement process that began on December 1, 2024, offering diverse roles across a wide range of sectors. These in-

clude IT, Automobile, Energy & Environment, Consulting, FinTech, Banking, Semiconductors, Construction, and more.

The release said the gra-

duating batch secured around 400 placement offers, with over 85% of BTech students placed as of now. With several companies still lined up to recruit, the placement rate is expected to climb even higher.

Alongside lucrative job offers, some students chose to pursue higher studies at prestigious global universities, while a few are embarking on entrepreneurial ventures, showcasing the diverse paths IIT Indore students are taking, it said.
