

IIT INDORE HOSTS WORKSHOP ON NARMADA RIVER BASIN MANAGEMENT

IIT Indore organised a national workshop on Policy Framework for Sustainable Development and Integrated Narmada River Basin Management', drawing over 80 experts from across India. Key guests included Padma Shri professor Ashutosh Sharma, president of INSA and Dr. Akhilesh Gupta, former DST Advisor. The workshop served as a dynamic platform for discussions on water policy, climate change and integrated river basin strategies. IIT Indore released three significant documents, including the Narmada Basin Report. Director professor Suhas Joshi emphasised the need for strategic water management in a changing climate, while professor Manish Goyal highlighted the role of collaborative innovation.
