INDORE

In a significant step towards strengthening skill development and technical education, IIT Indore Training, Placement and Apprenticeship Advisor Vipin Purohit and Government Divisional ITI Indore Principal Reena Solanki attended the 14th convocation ceremony of IIT Indore on Saturday.

During the visit, the two officials toured IIT Indore's state-of-the-art laboratories and held detailed discussions on signing a Memorandum of Understanding (MoU) between the two institutions. The proposed MoU aims to promote skill development, technical training, innovation and capacity building for students.

Both institutions agreed that the partnership would provide students with better access to modern technologies, industry-oriented training and research-based learning, ultimately empowering youth towards employment and self-reliance while giving fresh momentum to skill development in Madhya Pradesh.
