

## KV IIT-I STUDENTS VISIT IIM-I

**FP News Service**

**MHOW**

As part of the UGMES 2026 initiative, students of PM Shri Kendriya Vidyalaya, IIT Indore, visited IIM Indore on an educational tour. I accompanied the students during the visit, which gave them first-hand exposure to one of India's premier management institutions and its academic en-

vironment.

The students attended interactive sessions led by the IPM Chairperson, faculty

members, IIM alumni and other distinguished speakers. They gained insights into the Integrated Programme in

Management (IPM), including the admission process, curriculum, career opportunities and the holistic learning experience at IIM Indore.

The visit inspired the students to aim high, work hard and explore management education as a promising career path. It also reinforced the importance of academic excellence, leadership and lifelong learning.
