

625 PG, PHD STUDENTS JOIN IIT INDORE

IIT Indore on Thursday organised its orientation programme for newly admitted postgraduate and PhD students for the 2026-27 academic session, welcoming 625 students to the institute. Director Prof Suhas Joshi encouraged students to pursue interdisciplinary learning, innovation and socially relevant research while making the best use of the institute's academic and research facilities. The programme introduced students to the academic framework, research ecosystem and campus support services. IIT Indore has also launched three new MTech specialisations this session in Geotechnical Engineering, Transportation Systems Engineering, and Chemical Processes Design & Intelligence, with provisions for conversion to PhD.
