KV students turn discarded material into useful products

Mhow: PM Shri Kendriya Vidyalaya, IIT Indore, organised a Waste to Wealth activity on the theme 'Swachhata se Samriddhi' on Tuesday as part of the Swachhata Hi Seva 2026 campaign.

The activity aimed to foster creativity, environmental awareness and a sense of resource reuse among students. Students collected waste materials, including unused paper, plastic bottles, cardboard boxes and old newspapers, and transformed them into useful and functional everyday products. They made pen stands and baskets from old newspapers, planters from plastic bottles and food and water containers for birds. The school also organised an exhibition of the articles made by the students. Principal Neelam Malviya and teachers viewed the exhibits.
