

IIT-I to share expertise, experience with IMC

Indore: IIT Indore has entered into an MoU with Indore Municipal Corporation, for a period of 5 years, with the objective to establish a framework for understanding and synergy through cooperation, to collaborate on endeavor aimed at capacity building of personnel of the Indore Municipal Corporation, providing support in research and study in existing technology, identifying new technology and innovation to control air pollution and increase Air Quality Index of Indore City.

Both the organisations will work on sharing of expertise, experiences, and ideas in the areas of innovation and research in the field of air quality and pollution control. IIT Indore will support IMC in research and study of existing technology and systems. It will also identify and provide suggestions for new technology and innovation to control air pollution and increase Air Quality index of Indore city. Both will work together on "Ek Bharath Shrestha Bharat" and

"Swachh Bharat Abhiyan".

Dr Niraj Kumar Shukla, Convener, Ek Bharat Shrestha Bharat (EBSB), IIT Indore, said "IIT Indore and IMC Indore have agreed to go ahead on working together on the common interest of social projects for the development of Indore City. Nodal points from both the organizations will be in place at the earliest to draw up the procedures, plan, and recommended programmes of co-operation to achieve the objective of the MoU.
