Institutions of higher learning in Madhya Pradesh again performed poorly in Indian Higher Education Rankings-2021 with no university managing to feature in top-100 universities in the country even as Indian Institute of Technology, Indore and Indian Institute of Science Education & Research, Bhopal, slipped from their position last year in the overall category.

The only saving grace was that Devi Ahilya Vishwavidyalaya, which had

not figured even in the top 200 universities last year, found a place in the band of 101-150 universities and Indian Institute of Management (IIM), Indore and Maulana Azad National Institute of Technology (MANIT), Bhopal improved their position in rankings which were released by National Institute Ranking Framework on Thursday.

IIM Indore, which was ranked 7th in the management category, secured 6th position this year. Similarly, MANIT which was ranked 65th in engineering category last year, climbed
