

Various Events Mark Day Two Of IIT-Indore's Fluxus '13

Full-on gravity-defying talent

TIMES NEWS NETWORK

Indore: From essay competition to debate over Israel-Palestine crisis to robot designing event, IIT-Indore's Fluxus 2013 witnessed a vibrant day where students unleashed their talent in various events. Major attraction of the day was Stuntmania-Gravity Control' that caught the attention of one and all.

The day started off with an essay competition on 'Future Prospects of Nuclear Energy' for school students wherein Daly College, Emerald Heights, Queens College etc participated.

The flagship event of Fluxus - Model UN- had 55 participants to debate Israel-Palestine crisis. The finals will be held on Sunday.

Civil Design was another event in which 75 teams showcased their building structure models. Acropolis Group of Institutions was declared the winner. Eight teams were selected for the finals of Robo-1 competition.

The winner of the group dance event was team Orion of Acropolis Institute of Technology and Research while winner in solo category was Abel Thomas of E-nce Crew.
