INDORE: The second convocation of IIT-Indore will be held on June 5 on Simrol campus. Apart from the 117 students from the B Tech batch six other students pursuing PhD will also be handed over their degrees at the function.

Former President APJ Abdul Kalam will be the chief guest on the occasion. Kalam would present medals and letters of appreciation to the students.

Also it is expected that a series of other eminent speakers would also attend the convocation and motivate the students.

"A protocol needs to be followed regarding the speakers and guests who will attend the function. So we are finalising some names, hopefully some eminent personalities will attend the convocation," said Nirmala Menon, PRO IIT-Indore.

She said, "The number of PhD students passing out might increase with time, as submissions and a number of things are in line."

MERITORIOUS STUDENTS
