INDORE: The annual cultural-technical fest of IIT Indore began on Sunday with a city-wide marathon from Dushhera ground. Titled 'Save the environment', the marathon was held to create general aware-

ness for environment protection. The sixth edition of the fest Fluxus includes a mix of events ranging from entertainment and science.

The marathon which started from Dushhera ground had people from all age groups participating with excitement and enthusiasm. The marathon

started at 7:30am. People covered an approximate distance of 6km. A route from Dushera Maidan-Ranjit Hanuman Circle- Footi Kothi Chauraha-Gopur Circle-Chanakyapuri and back to Dushera Maidan was undertaken by participants.

Held every year by IIT-Indore

before the start of their cultural festivals a theme is picked every year to create awareness around it.

While some activities are organised around this theme, prizes worth ₹55,000 were awarded to the winners along with certificates to all participants by IIT Indore.
