

INDUSTRY-ACADEMIA CONCLAVE TAKES OFF AT IIT

INDORE: A three-day Industry Academia Conclave (IAC) took off at IIT Indore campus on Thursday. The IAC - 2016 aims to foster relations between academia and the industry. Through the conclave the institute intends to encourage interaction between academic institutions and corporate organizations, leading to research avenues and work on developing efficient solutions to complex problems. "Since its inception in 2012, IAC has evolved into a forum where experts from both Industry and Academia discuss and address important concerns, and galvanise their efforts towards forging successful partnerships that would prove mutually beneficial," the organisers said. The theme of this year's conclave is 'Innovation and Smart Technologies'. The speakers include experts from Intel, TCS, Microsoft, IBM, GE Healthcare, iSquareR, Si2Chip, Dr. Reddy's Laboratory among other companies.
