

Never Alone

Thee laid me down

Onto this planet

Will never let me down

I claim via this sonnet

Even in the darkest times

When insecure I'd feel

Echoing would be Thy hymns

My wounds, they'd heal

Alone, whenever I'd feel

The truth, at last, will reveal

The path I've been walking alone

Would bear two pairs of footsteps

One would be my own

& the other- Thy, helping me through laps
