

1. Untitled

A solitary loon inside my head
Sings of a faraway land
In an alien tongue

2. Glass

Reflections
I see are affectations
Induced to drown me out

3. Wildflower

A wildflower.
It grows in the wilderness,
Untamed, just like you.

4. Colours

A cornucopia of wonders
You hide behind a screen and talk
As if your colours aren't brighter in person.

5. Home

He tells me it's in a land
Engulfed in man-made smoke
He doesn't see the one within my eyes
